INNOVATIVE TAX PLANNING AND CONSULTING

The Tax Cuts and Jobs Act and U.S. Supreme court ruling on South Dakota v. Wayfair have had a significant impact on the agribusiness industry. Our team provides guidance and expertise on topics like Section 199A deduction, business interest deduction, state and local tax compliance, R&D tax credits, work opportunity tax credits, patronage dividend allocation options and more.

AGRIBUSINESS STATISTICS AND ANALYSIS

We compile annual statistics for agribusiness operators that allow you to benchmark and evaluate your operation's performance against your industry peers and provide practical and insightful advice to help your business be successful.

REVIEW AND AUDIT SERVICES

Our professionals are highly sensitized to the need to maintain objectivity and independence. Moreover, our audits are led by partners and managers who have spent their careers focused on agribusiness and are heavily involved in the engagements.

OUTSOURCED ACCOUNTING AND WORKFORCE MANAGEMENT

Our team of experts can help you manage your accounting, bookkeeping, or controller functions as well as your human capital management. You'll have confidence that your tax filings, wage reports and other financial items are completed accurately and on time.
